Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: HSD088IPW1-A
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

Product Specification

- Package: Original Package, Anti-static Bag
- Discription: TFT LCD Panel
- Pin Number: 37
- Back Light: White LED
- Interface: HDMI
- Wide Voltage Supply: 3V To 5V
- Display Mode: Normally Black
- Module Size: 64.3mm X 231.3mm
- Highlight: **8.8 Inch LCD Display Module,
HDMI Interface LCD Display Module,
TFT LCD Panel 8.8 Inch**

Product Description

8.8 Inch TFT LCD Panel Display Module With HDMI Interface And Capacitive Touch Screen

Product Description:

The module is packaged in an anti-static bag to ensure its protection during shipping and handling. The original package ensures that the product arrives in the best possible condition and is ready to use right out of the box.

The back light of this display module is a white LED, providing a clear, bright image that is easy to see in a variety of lighting conditions. The HDMI interface makes it easy to connect the display to a variety of devices, including computers, gaming consoles, and media players.

The module size is 64.3mm X 231.3mm, making it a perfect fit for a wide range of applications. Whether you are looking for a display for your business, a gaming console, or a media player, this module is the perfect choice.

The stretched bar LCD display module is designed to provide a bar display that is perfect for a variety of applications. Whether you are looking to display information, images, or videos, this module is the perfect choice.

In summary, the stretched bar LCD display module is a high-quality display technology that is perfect for a wide range of applications. With its TFT LCD panel, white LED back light, HDMI interface, and module size of 64.3mm X 231.3mm, this 8.8" display is the perfect choice for anyone looking for a high-quality bar display.

Features:

- Product Name: LCD Display Module
- Wide Voltage Supply: 3V To 5V
- Module Size: 64.3mm X 231.3mm
- Display mode: Normally Black
- Package: Original Package, Anti-static Bag
- Lcd Type: TFT
- Perfect for advertising display
- Can be used as a bar display
- Great for displaying information in a bar

Technical Parameters:

Display mode	Normally Black
Back Light	White LED
Interface	HDMI
Viewing Area	54.72mm X 218.88mm
Module Size	64.3mm X 231.3mm
Package	Original Package, Anti-static Bag
Pin Number	37
Description	TFT LCD Panel
Lcd Type	TFT
Wide Voltage Supply	3V To 5V

Applications:

The LCD display module is designed with a 1920x480 panel resolution, making it perfect for applications that require high clarity and definition. The white LED backlight illuminates the screen with a brightness of up to 500 cd/m², making it highly visible even in bright environments.

The TFT LCD panel is 64.3mm X 231.3mm in size with a viewing area of 54.72mm X 218.88mm, making it suitable for a variety of applications. The module can be used in electronic devices such as smartphones, digital cameras, GPS devices, and handheld gaming consoles.

The LCD module is ideal for use in industrial control systems, medical equipment, and automotive displays. It can also be used in digital signage, advertising displays, and point-of-sale systems. The high resolution and clarity of the display make it perfect for applications that require detailed images and text.

The HSD088IPW1-A LCD module is a versatile product that can be used in various scenarios and occasions. The module is easy to install and can be customized to meet specific requirements. It is a reliable and cost-effective solution for businesses and industries that require high-quality displays.
