

## 8.8in LCD Display Module 480 X 1920 37pin MIPI Touch Screen

### Our Product Introduction

for more products please visit us on [tft-displaylcd.com](http://tft-displaylcd.com)

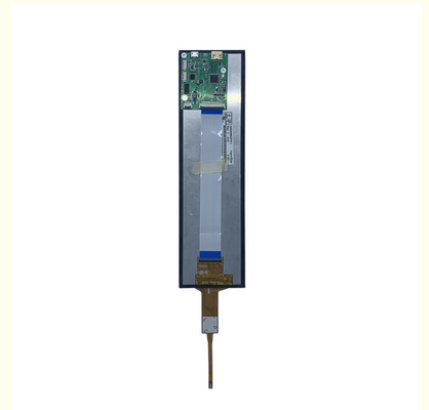

#### Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: HSD088IPW1-A
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

#### Product Specification

- Lcd Type: TFT
- Wide Voltage Supply: 3V To 5V
- Pin Number: 37
- Discription: TFT LCD Panel
- Display Mode: Normally Black
- Viewing Area: 54.72mm X 218.88mm
- Module Size: 64.3mm X 231.3mm
- Interface: HDMI
- Highlight: **8.8inLCD Display Module,  
LCD Display Module 480 X 1920,  
37pin tft display module**

## Product Description

### 8.8" TFT LCD Display 480 horizontal by 1920 vertical pixel resolution 37pin MIPI interface with HDMI and touch screen

#### Product Description:

Featuring a TFT LCD type, this display module offers high-quality images and video with accurate color reproduction. The viewing area of this display module measures at 54.72mm X 218.88mm, making it suitable for a wide range of applications. This display module is ideal for use in electronic devices such as digital cameras, portable DVD players, and tablet devices, among others.

This LCD Display Module is easy to use and install, thanks to its 37pin MIPI driver board. This driver board allows for seamless integration with your existing electronic device, making it a convenient and versatile display module for your electronic project needs. Whether you're a professional electronics engineer or a hobbyist, this display module is the perfect addition to your tool kit.

Don't settle for subpar display modules that offer poor image quality and limited features. Choose our TFT LCD Panel for your next electronic project and experience the best in display technology. Order yours today and take your electronic projects to the next level!

**Features:**

Product Name: LCD Display Module  
Package: Original Package, Anti-static Bag  
Interface: HDMI  
Pin Number: 37  
Back Light: White LED  
Lcd Type: TFT  
Display Type: Stretched Bar LCD  
Panel Resolution: 1920x480  
Aspect Ratio: Stretched Bar LCD

**Technical Parameters:**

Viewing Area	54.72mm X 218.88mm
Display Mode	Normally Black
Back Light	White LED
Lcd Type	TFT
Wide Voltage Supply	3V To 5V
Description	TFT LCD Panel, stretched bar lcd, lcd module, 1920x480 panel
Interface	HDMI
Package	Original Package, Anti-static Bag
Module Size	64.3mm X 231.3mm
Pin Number	37

**Applications:**

The OEM HSD088IPW1-A LCD Display Module is a versatile and reliable product that can be used in a variety of applications and

scenarios. This TFT LCD Panel is made in China and has been certified by ROHS, ensuring that it meets international standards for environmental friendliness and safety. The minimum order quantity for this product is 1 piece, and the price can be negotiated based on the customer's needs. The packaging details include carton packing, and the delivery time is between 7-15 working days. Payment terms are T/T, and the supply ability is 300k per month. The package includes the original packaging and an anti-static bag to ensure safe transportation and storage.

The HSD088IPW1-A LCD Display Module is perfect for use in a variety of product applications, such as industrial control displays, portable medical devices, and gaming machines. The 37pin MIPI interface ensures a stable and high-speed connection, making it ideal for use in high-performance devices. The stretched bar LCD display is perfect for use in multimedia devices, such as digital signage and advertising displays, as it provides a unique and engaging way to display content.

The HSD088IPW1-A LCD Display Module also comes with a driver board, making it easy to integrate into any device. The white LED backlight ensures a clear and bright display, even in low-light conditions. The HDMI interface allows for easy connection to a variety of devices, making it ideal for use in multimedia and entertainment systems.

In summary, the HSD088IPW1-A LCD Display Module is a versatile and reliable product that can be used in a variety of applications and scenarios. Whether you are looking for a display module for industrial control, medical devices, gaming machines, digital signage, or entertainment systems, the HSD088IPW1-A is the perfect choice. With its 37pin MIPI interface, stretched bar LCD display, driver board, and white LED backlight, you can be sure that this product will meet all of your needs and exceed your expectations.

## FAQ:

Q: When can i get the quotation?

A: We usually quote within 12 hours after we got your inquiry.

If it is very urgent, please call us or contact us via email, Skype or WhatsApp.

Q: What is your warranty?

A: We provide one year warranty.

Q: May i buy samples from you?

A: Yes! You are welcome to place sample order to test our superior quality and service.

Q: How to place bulk order?

A: 1) Tell us model number, quantity, color and other special requirements.

2) Proforma Invoice will be made and sent to you for approval

3) Production will be arranged once get your payment or deposit.

4) Goods will be delivered as stated on the Proforma Invoice.

Q: How will you deliver my goods to me?

A: We provide as many shipping options as possible, such as DHL, UPS, FEDEX, TNT AND EMS to enable our customers get their goods rapidly at door. We also ship by economical method such as air cargo and sea cargo, direct line, air mail according to customers' request.

Q: What about the quality of your product?

A: We provide unrivaled quality: very rigorous testing process for incoming quality control, input process quality control, and final quantity control for every piece. We follow QC test procedure, and do 100% FQC to ensure your satisfaction.

Q: Can you provide OEM service?

A: Yes! We can provide professional OEM service.

Q: What payment method do you accept?

A: T/T(bank transfer), L/C and paypal

Q: Do you have any after-sales service?

A: Yes! Our product has professional after-sales service dept. Follow up R.M.A. Items service and upload product firmware and app for you download.

If you have any technical questions with the goods, please feel free to contact our technical support dept, or our sales directly.
