Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: FLR-T113CT400
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

Product Specification

- Display Technology: A-Si TFT Active Matrix
- Luminance: 500
- Interface Type: RGB/MCU
- Storage Temperature: -30 ~ +80
- Size: 3.97"
- Display IC: NT35510
- Viewing Direction: 12 O'clock
- Response_Time: 5ms
- Highlight: 3.97 inch tft display touch screen,
480 x 800 tft display touch screen,
Display TFT LCD 50pin Rgb

3.97 Resolution 480X800 TFT LCD Touch Screen Interface 50pin RGB

Product Description:

The TFT LCD Touch Screen is designed with a 12 O'clock viewing direction that enables users to view the display content from different angles easily. The display screen has a resolution of 480x800, which ensures that the visual output is sharp and clear. The product is designed with a driver ic NT35510 that enhances its functionality and performance. The driver ic is optimized to provide fast and efficient data processing, which translates to a better user experience.

The TFT LCD Touch Screen is designed with a 50PIN RGB interface that enables it to connect with other devices seamlessly. The interface is optimized to ensure that the display screen can receive and transmit data quickly and efficiently. The product is an exceptional choice for individuals who are looking for a reliable and efficient display solution that can be used in different applications.

The 3.97" TFT LCD Touch Screen is designed to deliver an exceptional user experience with its intuitive touch screen interface. The touch screen interface is optimized to ensure that users can interact with the display screen easily. The product is an excellent choice for individuals who are looking for a display solution that is easy to use and delivers exceptional performance.

The TFT LCD Touch Screen is an exceptional product that is designed to meet the needs of different individuals. The product is designed to deliver a high-quality visual output that is clear and bright. The product is an excellent choice for individuals who are looking for a display solution that is reliable, efficient, and easy to use. The product is designed to deliver an exceptional user experience, making it an excellent choice for different applications.

Features:

Product Name: TFT LCD Touch Screen

Touch IC: GT911

Surface Treatment: Anti-Glare

Interface Type: RGB/MCU

Luminance: 500

Size: 3.97"

Driver IC: NT35510

Interface: 50PIN RGB

Resolution: 480x800

Technical Parameters:

Parameter	Value
Interface Type	50PIN RGB
Display Technology	A-Si TFT Active Matrix
Resolution	480x800
Operation Temp	-20 ~ +70
Luminance	500
Touch IC	GT911
Backlight Type	LED
Viewing Direction	12 O'clock
Ctp Structure	G+F+F
Surface Treatment	Anti-Glare

Applications:

The TFT LCD touch screen product is equipped with a touch IC GT911 and a driver IC NT35510, ensuring a smooth and responsive touch experience. The display has a 480x800 resolution, providing high-quality images and videos. The CTP structure of the product is G+F+F, and the surface treatment is anti-glare, ensuring clarity and readability under various lighting conditions. The product can be used in various occasions and scenarios. It is suitable for use in handheld devices, such as smartphones and tablets, as well as in display screens for medical equipment, automotive, and industrial applications. The 3.97" size of the display makes it ideal for use in compact devices where space is limited.

The product has a luminance of 500, making it suitable for use in outdoor environments where high brightness is required. The viewing direction of the product is 12 o'clock, making it easy to view from various angles. The product is easy to integrate into different devices, making it a versatile and reliable choice for display needs.

FAQ:

- Q:** What is the brand name of the TFT LCD Touch Screen?
A: The brand name is OEM.
- Q:** What is the model number of the TFT LCD Touch Screen?
A: The model number is FLR-T113CT400.
- Q:** Where is the TFT LCD Touch Screen made?
A: The TFT LCD Touch Screen is made in China.
- Q:** Does the TFT LCD Touch Screen have any certification?
A: Yes, it has ROHS certification.
- Q:** What is the minimum order quantity for the TFT LCD Touch Screen?
A: The minimum order quantity is 1 piece.
- Q:** What is the price of the TFT LCD Touch Screen?
A: The price is negotiated.
- Q:** What is the packaging detail of the TFT LCD Touch Screen?
A: The packaging detail is carton packing.
- Q:** What is the delivery time for the TFT LCD Touch Screen?
A: The delivery time is 7-15 working days.
- Q:** What are the payment terms for the TFT LCD Touch Screen?
A: The payment terms are T/T.
- Q:** What is the supply ability of the TFT LCD Touch Screen?
A: The supply ability is 300k per month.
