Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: LH154Q01
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

Product Specification

- Backlight Type: LED
- Dimensions: 31.82x 33.72 X 1.147mm
- Viewing Direction: 6:30 O'clock
- Display Type: TFT
- Power Supply: 3.3V
- Brightness: 450Cd/m2
- Interface Type: 12pin MIPI
- Touch Screen: No
- Highlight: 240x240 small tft, 240x240 module tft, small module tft

Product Description

1.54 Inch 240x240 Small TFT LCD Display With 450Cd/M2 LED Backlight

Product Description:

Designed to operate in a wide range of temperatures, this TFT LCD Screen can be used in harsh environments with an operating temperature range of -20 to 70 degrees Celsius. This makes it a versatile display that can be used in both indoor and outdoor applications.

The viewing direction of this TFT LCD Screen is 6:30 O'clock, providing an optimal viewing experience. Whether you are using it for industrial control, medical equipment, or handheld devices, this display is sure to meet your needs.

The TFT LCD technology used in this display offers superior image quality and faster response times compared to other display technologies. It is energy-efficient and provides excellent color reproduction, making it perfect for displaying high-quality images and videos.

With its compact size and high-quality display, this Small TFT LCD Display is an excellent choice for various applications. Whether you are designing a new product or upgrading an existing one, this display is sure to meet your needs. So, why wait? Order your TFT LCD Screen today and take your project to the next level!

Features:

Product Name: Small TFT LCD Display

Resolution: 240x240 Pixels

Operating Temperature: -20 To 70 Degrees Celsius

Screen Size: 1.54 Inches

Contrast Ratio: 600:1

Display Type: TFT

Introducing the Petite TFT Monitor - a small but powerful display with a resolution of 240x240 pixels and a 1.54 inch screen size. With a contrast ratio of 600:1, this TFT display produces vibrant and clear visuals. It can operate in temperatures ranging from -20 to 70 degrees Celsius, making it suitable for a variety of environments.

Technical Parameters:

Interface Type	12pin MIPI
Resolution	240x240 Pixels
Brightness	450Cd/m2

Operating Temperature	-20 To 70 Degrees Celsius
Storage Temperature	-30 To 80 Degrees Celsius
Dimensions	31.82x 33.72 X 1.147mm
Power Supply	3.3V
Viewing Direction	6:30 O'clock
Backlight Type	LED
Display Type	TFT

This is a miniature thin film transistor display, also known as a petite TFT monitor.

Applications:

The LH154Q01 has a low profile, with dimensions of only 31.82 x 33.72 x 1.147mm. This makes it an excellent choice for devices with limited space, such as smartwatches, fitness trackers, and other wearables. And with a minimum order quantity of just one piece, you can easily try it out in your device without committing to a large purchase.

Our TFT LCD Screen is versatile and can be used in a wide range of products, from medical devices to industrial automation equipment.

The screen's storage temperature range of -30 to 80 degrees Celsius ensures that it will work reliably in a variety of environments. Plus, with a supply ability of 300k per month, we can easily meet your needs no matter how large your order.

When you order from us, you can expect prompt delivery times of 7-15 working days. We offer T/T payment terms and carton packing to ensure that your order arrives safely and securely. And with negotiated pricing, you can be sure that you're getting the best possible value for your money.

In conclusion, if you're in need of a high-quality, reliable Tiny TFT LCD Display for your device, look no further than the LH154Q01 from our OEM brand. Contact us today to learn more and place your order!

FAQ:

Q: What is the brand name of the Small TFT LCD Display?

A: The brand name of the Small TFT LCD Display is OEM.

Q: What is the model number of the Small TFT LCD Display?

A: The model number of the Small TFT LCD Display is LH154Q01.

Q: Where is the Small TFT LCD Display manufactured?

A: The Small TFT LCD Display is manufactured in China.

Q: What certifications does the Small TFT LCD Display have?

A: The Small TFT LCD Display has ROHS certification.

Q: What is the minimum order quantity for the Small TFT LCD Display?

A: The minimum order quantity for the Small TFT LCD Display is 1 piece.

Q: What is the price of the Small TFT LCD Display?

A: The price of the Small TFT LCD Display is negotiated.

Q: What is the packaging details for the Small TFT LCD Display?

A: The Small TFT LCD Display is packed in cartons.

Q: What is the delivery time for the Small TFT LCD Display?

A: The delivery time for the Small TFT LCD Display is 7-15 working days.

Q: What are the payment terms for the Small TFT LCD Display?

A: The payment terms for the Small TFT LCD Display are T/T.

Q: What is the supply ability of the Small TFT LCD Display?

A: The supply ability of the Small TFT LCD Display is 300k per month.
