

1.54 Inch 240 X 240 Small TFT LCD 450cd/M2 Brightness Square Tft Display

Our Product Introduction

for more products please visit us on tft-displaylcd.com

Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: LH154Q01
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

Product Specification

- Power Supply: 3.3V
- Storage Temperature: -30 To 80 Degrees Celsius
- Resolution: 240x240 Pixels
- Backlight Type: LED
- Operating Temperature: -20 To 70 Degrees Celsius
- Screen Size: 1.54 Inches
- Viewing Direction: 6:30 O'clock
- Brightness: 450Cd/m2
- Highlight: **brightness square tft display, 240 x 240 small tft, small square tft display**

Product Description

1.54 Inch 240x240 TFT LCD Display With 450cd/M2 Brightness And LED Backlight

Product Description:

The Small TFT LCD Display has an Interface Type of 12pin MIPI, making it easy to connect to your device. The 240x240 pixel resolution provides a crisp and clear display, allowing for easy readability even in bright conditions. With a Contrast Ratio of 600:1, this TFT LCD Screen produces a vivid and lifelike display, making it perfect for displaying images and videos.

Our Small TFT LCD Display can operate in a temperature range of -20 To 70 Degrees Celsius, making it suitable for use in different environments. Its compact size and high-quality display make it an excellent choice for various applications, such as medical devices, industrial control systems, and more.

Overall, our Small TFT LCD Display delivers excellent performance, making it an ideal choice for any application that requires a high-quality display in a miniature size. Get yours today and experience the difference!

Features:

Product Name: Small TFT LCD Display

Resolution: 240x240 Pixels

Interface Type: 12pin MIPI

Brightness: 450Cd/m2

Operating Temperature: -20 To 70 Degrees Celsius

Touch Screen: No

Features:

TFT LCD Screen

Petite TFT Monitor

Little Thin Film Transistor LCD

Technical Parameters:

Miniature Thin Film Transistor Display	
Petite TFT Monitor	
Little Thin Film Transistor LCD	

Screen Size	1.54 Inches
Storage Temperature	-30 To 80 Degrees Celsius
Brightness	450Cd/m2
Touch Screen	No
Display Type	TFT
Dimensions	31.82x 33.72 X 1.147mm
Viewing Direction	6:30 O'clock
Backlight Type	LED
Power Supply	3.3V
Interface Type	12pin MIPI

Applications:

The interface type for the LH154Q01 miniature thin film transistor display is 12pin MIPI and its dimensions are 31.82x 33.72 X 1.147mm. The operating temperature for this display is -20 to 70 degrees Celsius and the storage temperature is -30 to 80 degrees Celsius. This miniature thin film transistor display is a TFT display, which means it has excellent color reproduction and viewing angles. It is a great option for use in a variety of different scenarios.

One common use for the LH154Q01 miniature thin film transistor display is in small electronics such as handheld devices and wearables. Its small size and high-quality display make it a great option for these types of products. It can also be used in industrial settings where a small but high-quality display is needed. The durability of this display also makes it a great option for use in outdoor environments where it may be exposed to the elements.

In addition to these scenarios, the LH154Q01 miniature thin film transistor display can also be used in medical devices and automotive displays. Its high-quality display and small size make it a great option for use in these types of products. The versatility of this display means that it can be used in a wide range of different scenarios and industries.

FAQ:

Q1: What is the brand name of the small TFT LCD display?

A1: The brand name of the small TFT LCD display is OEM.

Q2: What is the model number of the small TFT LCD display?

A2: The model number of the small TFT LCD display is LH154Q01.

Q3: What is the certification of the small TFT LCD display?

A3: The small TFT LCD display is ROHS certified.

Q4: What is the minimum order quantity for the small TFT LCD display?

A4: The minimum order quantity for the small TFT LCD display is 1 piece.

Q5: What are the payment terms for the small TFT LCD display?

A5: The payment terms for the small TFT LCD display are T/T.
