480 x 272 ips lcd display**

Product Description

4.3 Inch 480x272 IPS LCD Display With ST7282 Driver And 500 Cd/M2 Luminance

Product Description:

The TFT LCD Display is a small LCD that measures 4.3 inches in size, making it an excellent choice for projects that require a compact display while maintaining high-quality visuals. The IPS LCD display technology ensures that you have clear and vibrant images, with accurate color reproduction that enhances the viewing experience. The display also features a backlight luminance of 500 Cd/m2, which means that you can easily view the screen even in bright conditions.

This product is an ideal fit for a range of applications, including those that require an ESP32 board. The TFT LCD Display is easy to connect and can be integrated into your projects seamlessly. The 4.3-inch size ensures that you have enough screen real estate to display relevant information and graphics without overwhelming your project. The IPS LCD display technology ensures that you can view the display from different angles without any color distortion or loss of contrast.

Overall, the TFT LCD Display is an exceptional product that delivers high-quality visuals in a compact and reliable package. Whether you are working on a personal project or a commercial application, this display is an excellent choice that will meet your needs. So, if you are looking for a small LCD display that offers IPS technology and high-quality visuals, the TFT LCD Display is the perfect product for you.

Features:

Product Name: TFT LCD Display

Interface: 40pin RGB

Backlight Luminance: 500 Cd/m2

Size: 4.3 Inch

Display Scale: 16:9

Response Time: 5ms

Small LCD

IPS LCD Display

Brightness: 500nits

Technical Parameters:

Size	4.3 Inch
Display Colors	16.7M

Color Depth	262K
Viewing	All viewing angle
Backlight Luminance	500 Cd/m2
Response Time	5ms
Outline Dim	105.5mm*67.2mm*3.0mm
Driver Lc	ST7282
Display Scale	16:9
Active Area	95.04mm×53.856mm
Driver IC	ST7282
Display Type	IPS LCD display

Applications:

The display is designed to be easy to use and integrate with other devices. It is compatible with the ESP32 board, allowing it to be easily integrated into existing projects. The plug-in display design also makes it easy to swap out for other displays, making it a great choice for prototyping and testing new products.

With a color depth of 262K and a display color of 16.7M, the display provides clear and vibrant images that are easy to read and understand. The backlight luminance of 500 Cd/m2 ensures that the display is visible even in bright sunlight, making it ideal for outdoor use as well.

The ZH-043145C0-40-N TFT LCD Display is certified by ROHS, ensuring that it meets the highest standards of safety and quality. The minimum order quantity is just one piece, and the price is negotiable. The display is packed in cartons and can be delivered within 7-15 working days, depending on the location. Payment terms are T/T, and the supply ability is 300k per month, ensuring that you can get the display you need when you need it.

Whether you're developing a new product or upgrading an existing one, the ZH-043145C0-40-N TFT LCD Display is an excellent choice for any application that requires a high-quality, reliable display.

FAQ:

Q: What is the brand name of the TFT LCD Display?

A: The brand name of the TFT LCD Display is OEM.

Q: What is the model number of the TFT LCD Display?

A: The model number of the TFT LCD Display is ZH-043145C0-40-N.

Q: Where is the TFT LCD Display manufactured?

A: The TFT LCD Display is manufactured in China.

Q: Is the TFT LCD Display certified?

A: Yes, the TFT LCD Display is certified with ROHS.

Q: What is the minimum order quantity for the TFT LCD Display?

A: The minimum order quantity for the TFT LCD Display is 1 piece.

Q: What is the delivery time for the TFT LCD Display?

A: The delivery time for the TFT LCD Display is 7-15 working days.

Q: What are the payment terms for the TFT LCD Display?

A: The payment terms for the TFT LCD Display are T/T.

Q: What is the supply ability of the TFT LCD Display?

A: The supply ability of the TFT LCD Display is 300k per month.

Q: How is the TFT LCD Display packaged?

A: The TFT LCD Display is packaged in carton packing.

Q: Is the price of the TFT LCD Display negotiable?

A: Yes, the price of the TFT LCD Display is negotiable.
