

Industrial 4.3" TFT LCD Display with 1ms Response Time and Industrial Design

Our Product Introduction

for more products please visit us on tft-displaylcd.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: SHENCHAO
- Certification: ROHS
- Model Number: ZH024TC22023V.C
- Minimum Order Quantity: 1
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T, Western Union
- Supply Ability: 300k per month

Product Specification

- Active Area: 26.508(W) X67.68 (H)
- Response Time: 1ms
- Viewing Angle: All
- Display Size: 2.86 Inch
- Module Size: 44(W) X 77(H) X3.67(T)
- Touch Screen Type: Capacitive, Or Customized
- Product Category: Small TFT LCD Display
- Operating Temperature: -20~70
- Highlight: **Industrial Design TFT LCD Display ,
Industrial 4.3 TFT LCD Display ,
Industrial 1ms TFT LCD Display**

Product Description

Product Description:

The Small TFT LCD Display product is a high-quality display module suitable for a wide range of applications, including Car TFT LCD Monitors, Arduino TFT LCD Displays, and Custom TFT Displays. With its advanced features and specifications, it offers exceptional performance and versatility.

The product, named 500 1 Contrast Ratio 2.86 inch 376 * 960 IPS TFT Strip Screen LCD Display Module with Capacitive Touch Screen, falls under the Product Category of Small TFT LCD Displays. It boasts a Display Size of 2.86 inches, making it compact yet efficient for various display needs.

Equipped with the ST7701S Driver IC, this TFT LCD Display ensures smooth and reliable operation, delivering vibrant colors and sharp images. The use of advanced technology enhances the overall viewing experience, making it ideal for demanding applications.

One of the standout features of this product is the optional Capacitive Touch Panel. This touch panel provides a responsive and intuitive interface, allowing users to interact with the display effortlessly. Whether for navigation, control, or input purposes, the Capacitive Touch Screen adds a new dimension of functionality to the display module.

Designed to meet the needs of diverse projects, the Small TFT LCD Display product offers compatibility with Car TFT LCD Monitors, Arduino TFT LCD Displays, and Custom TFT Displays. Its versatility and performance make it a valuable component for designers, hobbyists, and professionals seeking reliable display solutions.

Whether you are working on a automotive display system, a DIY electronics project, or a specialized display application, this TFT LCD Display module provides the features and quality you need. Its compact size, high resolution, and advanced touch capabilities set it apart as a versatile and reliable display solution.

Features:

Product Name: Small TFT LCD Display

Driver IC: ST7701S

Display Size: 2.86 Inch

Active Area: 26.508(W) X67.68 (H)

Interface: 12Pin MIPI

Response Time: 1ms

Technical Parameters:

Response Time	1ms
Active Area	26.508(W) X67.68 (H)
Luminance	350 Cd/m ²
Product Category	Small TFT LCD Display
Driver IC	ST7701S
Resolution	376X960
Viewing Angle	All
Usage	Home Appliance, GPS, Door Bell, Auto Device, Medical Device, Industrial Design
Touch Screen Type	Capacitive, or customized
Touch Panel	Capacitive Touch Optional

Applications:

When it comes to the Small TFT LCD Display by SHENCHAO (Model: ZH024TC22023V.C), the product finds versatile application occasions and scenarios due to its high-quality features and specifications.

Designed as a custom TFT display with IPS technology, this LCD display is ideal for a wide range of uses. Its certification of ROHS ensures compliance with environmental standards, making it suitable for various industries and projects.

Hailing from Guangdong, China, this Small TFT LCD Display has a minimum order quantity of 1, allowing for flexibility in procurement.

The price is negotiable, and payment terms accepted include T/T and Western Union, catering to different payment preferences.

With a supply ability of 300k per month and a delivery time of 7-15 working days, this display offers reliability and efficiency. The packaging details involve carton packing, ensuring safe transportation and storage of the product.

The driver IC of ST7701S and viewing angle of all make this IPS TFT LCD display stand out in terms of performance and visual quality.

The contrast ratio of 500:1 and interface of 12Pin MIPI further enhance the display's capabilities.

Whether it's for industrial applications, consumer electronics, medical devices, or automotive systems, this IPS TFT LCD display caters to a wide array of product development needs. The NTSC of 65% ensures color accuracy and vibrancy, making it suitable for projects where color reproduction is crucial.

Support and Services:

Product Technical Support and Services for Small TFT LCD Display:

Our Small TFT LCD Display product comes with comprehensive technical support and services to ensure a seamless user experience. Our team of experts is available to provide assistance with installation, troubleshooting, and any other technical inquiries you may have. Some of the services we offer include:

Installation guidance

Technical troubleshooting

Product maintenance tips

Software updates and patches

Our goal is to provide you with the necessary resources and support to maximize the performance and longevity of your Small TFT LCD Display. If you have any questions or need assistance, please don't hesitate to reach out to our technical support team.

Packing and Shipping:

Product Packaging:

The Small TFT LCD Display is carefully packaged in a sturdy cardboard box to ensure its safety during transportation. It is also wrapped in bubble wrap to prevent any damage from impact.

Shipping:

Once your order is confirmed, the Small TFT LCD Display will be shipped within 1-2 business days. We use a reliable courier service to deliver the product to your doorstep in a timely manner. You will receive a tracking number to monitor the shipping progress.

FAQ:

Q: What is the Brand Name of the Small TFT LCD Display?

A: The Brand Name is SHENCHAO.

Q: What is the Model Number of the Small TFT LCD Display?

A: The Model Number is ZH024TC22023V.C.

Q: Where is the Small TFT LCD Display manufactured?

A: The Small TFT LCD Display is manufactured in Guangdong, China.

Q: What is the Minimum Order Quantity for the Small TFT LCD Display?

A: The Minimum Order Quantity is 1 unit.

Q: What are the accepted Payment Terms for purchasing the Small TFT LCD Display?

A: The accepted Payment Terms are T/T and Western Union.

Our Advantage

why choose us

PROFESSIONAL

We have in the production of razor supplies with 12 years of experiences

ONE-STOP

We have our own factory, professional equipment to insure production

PRICE

We will provide you the best price, it is the absolute value for money

OEM/ODM

OEM/ODM orders are welcomed, we are trying to meet all your needs

SERVICE

We have a comprehensive after-sales service with 24-hour service
