

ST7701S Driver IC and 65% NTSC Custom TFT LCD Displays for Industrial Applications

Our Product Introduction

for more products please visit us on tft-displaylcd.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: SHENCHAO
- Certification: ROHS
- Model Number: ZH024TC22023V.C
- Minimum Order Quantity: 1
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T, Western Union
- Supply Ability: 300k per month

Product Specification

- Viewing Angle: All
- Touch Screen Type: Capacitive, Or Customized
- Touch Panel: Capacitive Touch Optional
- Response Time: 1ms
- Luminance: 350 Cd/m²
- Operating Temperature: -20~70
- Product Category: Small TFT LCD Display
- NTSC: 65%
- Highlight: **65% NTSC Custom TFT LCD Display ,
Industrial Applications TFT LCD Display ,
ST7701S Driver IC TFT LCD Display**

Product Description

Product Description:

Welcome to our product summary for the Small TFT LCD Display, specifically designed for car applications. This high-quality display offers exceptional performance and features that cater to the needs of car TFT LCD monitors.

The Small TFT LCD Display boasts a resolution of 376X960, providing clear and sharp images for an enhanced viewing experience. Whether you are using it for entertainment or navigation purposes, the display ensures that visuals are displayed with precision and clarity.

With a module size of 44(W) X 77(H) X 3.67(T), this IPS TFT LCD is compact yet offers a sizable viewing area, making it ideal for car TFT LCD monitors where space is often a constraint. The slim design of the display allows for seamless integration into various car models without compromising on visual quality.

One of the key highlights of this Small TFT LCD Display is its impressive response time of 1ms. This rapid response ensures smooth transitions between frames, reducing motion blur and delivering fluid visuals. Whether you are watching videos or playing games on your car TFT LCD monitor, the quick response time enhances your overall viewing experience.

Moreover, the Small TFT LCD Display comes with a capacitive touch panel, offering users an intuitive and responsive touch experience. The capacitive touch functionality is optional, providing users with the flexibility to choose between touch and non-touch options based on their preferences. This feature adds a layer of convenience and interactivity to car TFT LCD monitors, making it easier to navigate through menus and controls.

In conclusion, the Small TFT LCD Display is a versatile and high-performance display solution tailored for car TFT LCD monitors. With its exceptional resolution, compact module size, swift response time, and optional capacitive touch panel, this display ticks all the boxes for a superior viewing experience in car applications.

Features:

Product Name: 500 1 Contrast Ratio 2.86 inch 376 * 960 IPS TFT Strip Screen LCD Display Module with Capacitive Touch Screen

Touch Panel: Capacitive Touch Optional

Usage: Home Appliance, GPS, Door Bell, Auto Device, Medical Device, Industrial Design

Operating Temperature: -20~70

Luminance: 350 Cd/m²

Technical Parameters:

Technical Parameter	Details
Operating Temperature	-20~70
Usage	Home Appliance, GPS, Door Bell, Auto Device, Medical Device, Industrial Design
Display Size	2.86 Inch
Viewing Angle	All
Resolution	376X960
Interface	12Pin MIPI
Touch Panel	Capacitive Touch Optional
NTSC	65%
Response Time	1ms
Product Name	500 1 Contrast Ratio 2.86 inch 376 * 960 IPS TFT Strip Screen LCD Display Module with Capacitive Touch Screen

Applications:

Product Application Occasions and Scenarios for SHENCHAO Small TFT LCD Display (Model: ZH024TC22023V.C)

Brand Name: SHENCHAO

Model Number: ZH024TC22023V.C

Certification: ROHS

Place of Origin: Guangdong, China

Minimum Order Quantity: 1

Price: Negotiated

Payment Terms: T/T, Western Union

Supply Ability: 300k per month

Delivery Time: 7-15 working days

Packaging Details: Carton Packing

Resolution: 376X960

Interface: 12Pin MIPI

Viewing Angle: All
Contrast Ratio: 500:1
Touch Screen Type: Capacitive, or customized
Applications and Scenarios:

- Arduino TFT LCD Display: The SHENCHAO Small TFT LCD Display is ideal for use with Arduino boards due to its compatibility and high resolution. It can be used in various Arduino projects such as smart devices, robotics, and IoT applications.
- HD TFT Display: With a resolution of 376X960, this display offers high-definition visuals, making it suitable for applications that require crisp and clear images. It is perfect for multimedia playback, digital signage, and other HD display needs.
- Industrial TFT Displays: The rugged design and wide viewing angle of the SHENCHAO Small TFT LCD Display make it a great choice for industrial environments. It can withstand harsh conditions and is suitable for use in industrial control panels, machinery interfaces, and monitoring systems.

Support and Services:

Our Small TFT LCD Display product comes with comprehensive Product Technical Support and Services to ensure smooth functioning and customer satisfaction. Our team of technical experts is available to assist you with any queries or issues you may encounter with the product.

Our services include troubleshooting assistance, product maintenance guidance, software updates, and warranty support. We are committed to providing timely and effective support to help you get the most out of your Small TFT LCD Display.

Packing and Shipping:

Product Packaging and Shipping for Small TFT LCD Display:

- The Small TFT LCD Display will be carefully packaged in a sturdy cardboard box to ensure safe transportation.
- Each unit will be wrapped in bubble wrap to prevent any damage during shipping.
- The package will include a user manual and necessary cables for easy setup.
- Shipping will be handled by our trusted courier service to ensure timely delivery to your doorstep.

FAQ:

Q: What is the brand name of the Small TFT LCD Display?

A: The brand name of the Small TFT LCD Display is SHENCHAO.

Q: What is the model number of the Small TFT LCD Display?

A: The model number of the Small TFT LCD Display is ZH024TC22023V.C.

Q: Where is the Small TFT LCD Display manufactured?

A: The Small TFT LCD Display is manufactured in Guangdong, China.

Q: What is the minimum order quantity for the Small TFT LCD Display?

A: The minimum order quantity for the Small TFT LCD Display is 1 unit.

Q: What are the available payment terms for purchasing the Small TFT LCD Display?

A: The available payment terms for purchasing the Small TFT LCD Display are T/T and Western Union.
