Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: ZH024TC22025V.C
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

Product Specification

- Dot Arrangement: 720×3(RGB)×1280 Dots
- Product Name: 5.0 Inch Small LCD Touch Screen 720×1280 TFT Capacitive Touch Screen MIPI Interface
- Tft Lcd Type: 5.0"TFT
- Storage Temp: -30~ +80
- Luminance: 800nits
- Interface: 30pin MIPI
- Touch Type: Capacitive
- LCM Outline Size: 64.76*118.70*2.05Mm
- Highlight: **MIPI Iphone LCD Touch Screen ,
30pin Iphone LCD Touch Screen ,
Iphone LCD Touch Screen**

Product Description

Product Description:

The Small LCD Touch Screen product with the Driver IC HX8394-F belongs to the Product Category of Small LCD Touch Screen. This display features a TFT LCD type, making it a versatile and reliable option for various applications. The interface of this product is 30pin MIPI, ensuring seamless connectivity and compatibility with different devices.

The 5.0 Inch Small LCD Touch Screen 720x1280 TFT Capacitive Touch Screen MIPI Interface is designed to meet the needs of users looking for a compact yet high-quality display solution. Whether you are in need of an Industrial LCD Touch Screen Monitor or simply require a small LCD screen for your project, this product delivers excellent performance and functionality.

With a resolution of 720x1280, this Small LCD Touch Screen offers crisp and clear visuals, making it ideal for displaying detailed images and graphics. The capacitive touch screen technology enhances user interaction, providing a smooth and responsive touch experience.

Whether you are working on a project that requires a compact display solution or need an Industrial LCD Touch Screen Monitor for your industrial applications, the 5.0 Inch Small LCD Touch Screen is a versatile choice that meets various display requirements.

Designed with quality and durability in mind, this TFT LCD display is built to withstand the rigors of industrial environments while delivering reliable performance. The 30pin MIPI interface ensures easy integration with different devices, offering flexibility and convenience to users.

Whether you are looking for a 3 Inch LCD screen for a specific project or require an Industrial LCD Touch Screen Monitor for industrial applications, the Small LCD Touch Screen product with Driver IC HX8394-F is a reliable and efficient display solution.

Enhance your projects and applications with the 5.0 Inch Small LCD Touch Screen 720x1280 TFT Capacitive Touch Screen MIPI Interface. Whether you need a compact display solution or an Industrial LCD Touch Screen Monitor, this product offers versatility and performance to meet your display needs.

Features:

Product Name: Small LCD Touch Screen

Tft Lcd Type: 5.0" TFT

Product Category: Small LCD Touch Screen

Touch Type: Capacitive

Interface: 30pin MIPI

LCM Outline Size: 64.76*118.70*2.05mm

Technical Parameters:

TFT Active Area	61.776(H)*109.824(V)mm
Touch Type	Capacitive
Dot Arrangement	720×3(RGB)×1280 Dots
Driver IC	HX8394-F
Interface	30pin MIPI
Product Category	Small LCD Touch Screen
LCM Outline Size	64.76*118.70*2.05mm
Viewing Angle	All
Display Type	TFT LCD
Operation Temp	-20~ +70

Applications:

Product Application Occasions and Scenarios for the Small LCD Touch Screen:

The Small LCD Touch Screen, with a size of 3 inches, is a versatile product suitable for various applications and scenarios. Manufactured in China, this product offers high quality and reliability at a negotiated price point. The OEM-branded model ZH024TC22025V.C comes with ROHS certification, ensuring compliance with environmental standards.

With a minimum order quantity of 1 piece and payment terms of T/T, this Small LCD Touch Screen is readily available for purchase. Its impressive supply ability of 300k per month and short delivery time of 7-15 working days make it a convenient choice for customers.

Designed for industrial use, this Embedded Touch Screen operates within a wide temperature range from -20 to +70, making it suitable for challenging environments. The high brightness of 800 Cd/m² ensures excellent visibility in various lighting conditions.

The capacitive touch type of this LCD screen provides a responsive and intuitive user interface. Its 30-pin MIPI interface allows for easy integration with different systems and devices. The TFT active area of 61.776(H) * 109.824(V) mm offers a clear and detailed display for various applications.

Whether it is used in industrial machinery, medical equipment, or consumer electronics, this Small LCD Touch Screen is a reliable choice. The carton packaging ensures safe transportation and handling of the product, making it suitable for different installation scenarios.

Support and Services:

Our Small LCD Touch Screen product comes with comprehensive Product Technical Support and Services to assist you with any issues or questions you may have. Our dedicated team of experts is available to provide troubleshooting assistance, product setup guidance, and technical advice to ensure you get the most out of your device.

Packing and Shipping:

Product Packaging for Small LCD Touch Screen:

Our small LCD touch screen is carefully packaged to ensure safe delivery to you. It is enclosed in a sturdy cardboard box with ample padding to prevent any damages during transit.

Shipping Information:

We offer fast and reliable shipping for our small LCD touch screen product. Orders are typically processed within 24 hours and shipped using a trusted courier service. You will receive a tracking number to monitor the status of your delivery.

FAQ:

Q: Where is the Small LCD Touch Screen product manufactured?

A: The Small LCD Touch Screen is manufactured in China.

Q: What is the brand name of the Small LCD Touch Screen product?

A: The brand name of this product is OEM.

Q: What is the minimum order quantity for the Small LCD Touch Screen?

A: The minimum order quantity for this product is 1 piece.

Q: What are the payment terms accepted for purchasing the Small LCD Touch Screen?

A: The accepted payment terms are T/T (Telegraphic Transfer).

Q: What is the delivery time for the Small LCD Touch Screen product?

A: The delivery time for this product is 7-15 working days.
