Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: ZH024TC22025V.C
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

Product Specification

- Product Name: 5.0 Inch Small LCD Touch Screen 720x1280 TFT Capacitive Touch Screen MIPI Interface
- Product Category: Small LCD Touch Screen
- LCM Outline Size: 64.76*118.70*2.05Mm
- Driver Ic: HX8394-F
- Operation Temp: -20~ +70
- Storage Temp: -30~ +80
- Dot Arrangement: 720x3(RGB)x1280 Dots
- Tft Active Area: 61.776(H)*109.824(V)Mm
- Highlight: **High Brightness LCD Touch Screen, 800 Cd/m2 LCD Touch Screen, HX8394-F LCD Touch Screen**

Product Description

Product Description:

The Small LCD Touch Screen is a high-quality display panel designed for a variety of applications. With a Driver IC of HX8394-F, this product ensures efficient performance and seamless operation. The Dot Arrangement of 720×3(RGB)×1280 Dots offers a vibrant and detailed visual experience, making it suitable for various tasks.

The 5.0 Inch Small LCD Touch Screen features a TFT LCD display type, providing crisp and clear images with excellent color reproduction. Its resolution of 720x1280 ensures sharp visuals, making it ideal for viewing multimedia content, browsing the web, or playing games.

Designed for durability and reliability, this Cell Phone LCD Screen can withstand storage temperatures ranging from -30 to +80 , ensuring consistent performance even in challenging environments. Whether you are using it in extreme cold or hot conditions, this LCD screen will deliver reliable performance.

With a size of 5.0 inches, this LCD screen is compact and portable, making it suitable for a wide range of devices. Whether you are looking to upgrade your cell phone display or integrate a high-quality screen into a new project, this product offers versatility and functionality.

The 3 Inch LCD Touch Screen is equipped with a capacitive touch interface, allowing for intuitive and responsive touch controls. Whether you are navigating menus, typing messages, or playing games, the touch screen responds accurately to your input, enhancing user experience.

Featuring MIPI interface support, this Cell Phone LCD Screen offers seamless connectivity and compatibility with a variety of devices.

Whether you are integrating it into a smartphone, tablet, or industrial equipment, the MIPI interface ensures easy integration and smooth operation.

Whether you are a tech enthusiast, a DIY maker, or a professional developer, the 5.0 Inch Small LCD Touch Screen offers a versatile and reliable display solution for your projects. With its high resolution, vibrant colors, and responsive touch interface, this LCD screen is perfect for a wide range of applications.

Upgrade your device's display with the 5.0 Inch Small LCD Touch Screen and experience enhanced visuals and improved performance. Whether you are watching videos, playing games, or browsing the web, this Cell Phone LCD Screen will take your viewing experience to the next level.

Invest in quality and reliability with the 5.0 Inch Small LCD Touch Screen. With its durable construction, high-resolution display, and responsive touch interface, this LCD screen is the perfect choice for your next project. Upgrade your device today and enjoy a superior visual experience.

Features:

Product Name: Small LCD Touch Screen

Interface: 30pin MIPI

Tft Active Area: 61.776(H)*109.824(V)Mm

Luminance: 800nits

Brightness: 800 Cd/m²

Touch Type: Capacitive

Technical Parameters:

Tft Lcd Type	5.0"TFT"
Driver Ic	HX8394-F
Brightness	800 Cd/m²
Display Type	TFT LCD
Product Name	5.0 Inch Small LCD Touch Screen 720x1280 TFT Capacitive Touch Screen MIPI Interface
Interface	30pin MIPI
Operation Temp	-20~ +70
Viewing Angle	All
Luminance	800nits
Application	Water purifier display

Applications:

Product Name: 5.0 Inch Small LCD Touch Screen 720x1280 TFT Capacitive Touch Screen MIPI Interface

Model Number: ZH024TC22025V.C

Brand Name: OEM

Place of Origin: China

Certification: ROHS

Driver Ic: HX8394-F

Price: Negotiated

Minimum Order Quantity: 1 pieces

Payment Terms: T/T
Supply Ability: 300k per month
Delivery Time: 7-15 working days
Packaging Details: Carton Packing
Operation Temp: -20~ +70
Brightness: 800 Cd/m²

The 5.0 Inch Small LCD Touch Screen with a resolution of 720x1280 TFT and a capacitive touch screen using MIPI interface is an ideal choice for various industrial touch screen display applications. With its high brightness of 800 Cd/m², this LCD touch screen ensures clear visibility even in bright environments.

Originating from China, this product boasts ROHS certification, ensuring its compliance with environmental standards. Its driver IC HX8394-F enhances performance and responsiveness, making it suitable for industrial touch screen display purposes.

The small LCD touch screen is designed for applications such as water purifier displays, where a reliable and responsive touch screen is essential. Its wide operating temperature range of -20~ +70 allows it to function effectively in various environments.

Whether used in water purifier displays or other industrial touch screen display scenarios, this product offers versatility and durability.

With flexible payment terms and a minimum order quantity of just 1 piece, it caters to different project requirements.

For businesses seeking reliable suppliers, the OEM brand offers high-quality cell phone LCD screens like the 5.0 Inch Small LCD Touch Screen. With a supply ability of 300k per month and efficient delivery times of 7-15 working days, this product ensures a seamless procurement process.

Support and Services:

Product Technical Support and Services for Small LCD Touch Screen:

Our technical support team is available to assist you with any questions or issues you may have regarding the Small LCD Touch Screen product. Whether you need help with installation, troubleshooting, or general inquiries, our team is here to provide the support you need. In addition to technical support, we also offer a range of services to ensure that your Small LCD Touch Screen operates smoothly and efficiently. These services may include maintenance, repairs, and software updates to keep your device up-to-date and functioning optimally.

Packing and Shipping:

Product Packaging:

This small LCD touch screen is carefully packaged to ensure safe delivery to your doorstep. It is wrapped in protective foam and placed in a sturdy cardboard box to prevent any damage during transit. The packaging is designed to keep the screen secure and intact until it reaches you.

Shipping:

We offer fast and reliable shipping for this small LCD touch screen product. Once your order is placed, our team works quickly to pack and ship your item. You can track your package and expect it to arrive at your address within the specified delivery timeframe. We take pride in ensuring that your product reaches you in perfect condition.

FAQ:

Q: Where is the Small LCD Touch Screen product manufactured?

A: The Small LCD Touch Screen is manufactured in China.

Q: What is the price of the Small LCD Touch Screen?

A: The price of the Small LCD Touch Screen is negotiated.

Q: What is the brand name of the Small LCD Touch Screen?

A: The brand name of the Small LCD Touch Screen is OEM.

Q: What is the model number of the Small LCD Touch Screen?

A: The model number of the Small LCD Touch Screen is ZH024TC22025V.C.

Q: Does the Small LCD Touch Screen have any certifications?

A: Yes, the Small LCD Touch Screen is ROHS certified.
