Basic Information

- Place of Origin: China
- Brand Name: OEM
- Certification: ROHS
- Model Number: ZH024TC22025V.C
- Minimum Order Quantity: 1 pieces
- Price: Negotiated
- Packaging Details: Carton Packing
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300k per month

Product Specification

- Tft Lcd Type: 5.0"TFT
- Storage Temp: -30~ +80
- Product Category: Small LCD Touch Screen
- Interface: 30pin MIPI
- Brightness: 800 Cd/m²
- Display Type: TFT LCD
- Driver Ic: HX8394-F
- Touch Type: Capacitive
- Highlight: 1280 Dots TFT LCD Screen ,
Water Purifier TFT LCD Touch Screen ,
Water Purifier TFT LCD Display

Product Description

Product Description:

The 5.0 Inch Small LCD Touch Screen is a cutting-edge product that boasts a resolution of 720×3(RGB)×1280 Dots, providing users with a crisp and vibrant display experience. This TFT LCD display offers high-quality visuals that are sure to enhance any viewing or interactive experience.

Designed as a 5.0 Inch Small LCD Touch Screen, this product is ideal for a wide range of applications, including smartphones, tablets, and other handheld devices. Its 720x1280 resolution ensures clear and detailed images, making it a perfect choice for those seeking superior display quality.

The 5.0 Inch Small LCD Touch Screen features a capacitive touch screen technology that allows for seamless and responsive touch interactions. Whether you are scrolling through content, playing games, or typing messages, this touch screen delivers a smooth and accurate touch experience.

With a MIPI interface, this LCD touch screen is compatible with a variety of devices, ensuring easy integration and connectivity. Whether you are upgrading an existing device or developing a new product, the MIPI interface makes the installation process simple and hassle-free.

Featuring a storage temperature range of -30~ +80 , this LCD touch screen is built to withstand a wide range of environmental conditions. Whether you are using it in extreme cold or heat, you can rely on this product to deliver consistent performance and reliability. The 5.0 Inch Small LCD Touch Screen is equipped with a driver IC HX8394-F, ensuring optimal performance and compatibility with a wide range of devices. This driver IC enhances the overall functionality of the LCD touch screen, providing users with a seamless and efficient user experience.

Overall, the 5.0 Inch Small LCD Touch Screen is a top-of-the-line product that delivers exceptional display quality, responsive touch interactions, and reliable performance. Whether you are looking to upgrade your smartphone, tablet, or other handheld device, this LCD touch screen is sure to meet and exceed your expectations.

Features:

Product Name: Small LCD Touch Screen

Interface: 30pin MIPI

Operation Temp: -20~ +70

Driver Ic: HX8394-F

Storage Temp: -30~ +80

Luminance: 800nits

Technical Parameters:

Tft Lcd Type	5.0" TFT
Tft Active Area	61.776(H)*109.824(V)Mm
LCM Outline Size	64.76*118.70*2.05Mm
Dot Arrangement	720×3(RGB)×1280 Dots
Application	Water purifier display
Operation Temp	-20~ +70
Interface	30pin MIPI
Viewing Angle	All
Display Type	TFT LCD
Brightness	800 Cd/m ²

Applications:

Product Application Occasions and Scenarios for the Small LCD Touch Screen:

Originating from China, this Small LCD Touch Screen is a versatile display solution suitable for a variety of applications. With its negotiated price and OEM branding, the model number ZH024TC22025V.C boasts ROHS certification and a minimum order quantity of just 1 piece. Customers can conveniently make payment via T/T, and benefit from a generous supply ability of 300k units per month. Designed for industrial use, this LCD Touch Screen is well-suited for applications such as water purifier displays. Its quick delivery time of 7-15 working days ensures prompt availability, while the carton packaging guarantees safe transportation. The storage temperature range of -30~ +80 makes it resilient in various environments.

Featuring a wide viewing angle, this product falls under the category of Small LCD Touch Screens and comes with a 30pin MIPI interface. Whether it's for an industrial LCD touch screen monitor, iPhone LCD touch screen, or industrial touch screen, this versatile display can meet diverse needs.
